

## Dr. Pablo R. Ros

*Clinical Professor of Radiology  
Central Michigan University  
Visiting Professor of Radiology  
Vice Chair for Academic Affairs, Department of Radiology  
Stony Brook University School of Medicine  
Stony Brook, New York*

**Tuesday, April 6<sup>th</sup>, 2021**

6 pm

### “Mesentery, Omentum and Peritoneum: The Forgotten Abdomen”

**Objectives:**

- 1) To review the imaging findings of cystic and solid masses in the mesentery and omentum with pathologic correlation
- 2) To present a classification of mesenteric and omental cysts
- 3) To understand the imaging characterization of cystic and solid mesenteric and omental masses

### “Unique Bowel Imaging: Ischemia and GIST”

**Date:** Wednesday, April 7<sup>th</sup>, 2021  
**Time:** 7:30 am

**Objectives:**

- 1) To review the key imaging findings of bowel and mesenteric ischemia
- 2) To present the current knowledge of the pathology and radiology of Gastrointestinal Stromal Tumors (GIST)
- 3) To understand the imaging characterization of bowel/mesenteric ischemia and GIST

### “The Spleen: Abdomen???'s Cinderella”

**Date:** Wednesday, April 7<sup>th</sup>, 2021  
**Time:** 12:00 pm

**Objectives:**

- 1) To review the common and uncommon focal lesions and diffuse diseases of the spleen
- 2) To present the imaging findings of focal and diffuse splenic lesion with pathologic correlation
- 3) To understand the imaging characterization of common and uncommon splenic lesions
